Description

Cool Max™ is a poly herbal formulation ointment such as *Mentha piperita*, *Cinnamomum camphora*, *Gaultheria procumbens*, *Capsicum annuum*. It has a broad range of effect in the treatment of pain.

Pharmacology

Mentha piperita- It contains peppermint oil - menthol (35-45%), menthone (15-20%) and menthyl acetate (3-5%). It has analgesic, antibacterial and insecticidal effects. Moreover, *Mentha piperita* has the cooling effect on the skin and is equally effective as acetaminophen in relieving headaches.

Cinnamomum camphora- It contains essential oil – sesquiterpenes camphorenone and camphenol. It has antispasmodic, bronchial secretolytic and hyperemic effect. It acts beneficially in gout, rheumatic pains, neuralgia. It can be safely applied externally in all cases of inflammation, bruises and sprains.

Gaultheria procumbens- It contains volatile oil - methyl salicylate (96-98%) and has rubefacient effect that administered in the treatment of rheumatoid arthritis and related condition.

Capsicum annuum- It contains capsaicinoids - capsaicin (32-38%), dihydro-capsaicin (18-52%) and volatile oil (0.1%). It has analgesic, powerful local irritant and rubefacient effects. The most important active ingredient of capsaicinoids is capsaicin, which relieves pain by depleting neuropathies. It enriches blood, lessens Inflammation and pain.
