Ref.: Fennel, BNAF- 2011

Description

Fennel is a well-balanced ayurvedic preparation which is effective in various urinary disorders. Uricool™ provides antiseptic action and soothes the inflamed urinary mucosa. It is used in burning micturition & painful urination and for the prevention and treatment of urolithiasis.

Pharmacology

Foeniculum vulgare: It contains Trans-anethole (80-90%), Fenchone (1-10%), Estragole (3-10%), and volatile oil that are used as diuretic, spasmolytic. Dried fruit is useful in chest, spleen & kidney troubles. Oil from seed is used as anti-microbial.

Tribulus terrestris: It contains saponins, flavone glycosides, alkaloid, fixed oil, potassium nitrate, essential oil & resin that are used in cooling, painful micturition, diuretic, antispasmodic, irritation of urinary organs. It is used as a diuretic in gout, antiseptic, anti-fungal & anti-inflammatory activity. It prevents formation of kidney stone.

Chichorium endivia: It contains sesquiterpene lactones, chiroic acid, chlorogenic acid, isochlorogenic acid & dicaffeoyl tartaric acid. It is used as a cooling agent. It is also used fever, headache & jaundice. Root is used as a diuretic and for the treatment of kidney & liver disorders.

Cucumis melo: It contains ferulic, caffeic, chlorogenic acids & cucurbitacin B & E. It is used as a cooling, nutritive, diuretic. It is used in painful discharge & suppression of urinary infection.
