Moringa

Capsule

Moringa oleifera

Composition

Each capsule contains Moringa leaf extract (*Moringa oleifera*) 500 mg.

Pharmacology

Moringa is a natural nutritional supplement that is enriched with proteins, vitamins, minerals and essential amino acids. It contains 90 nutrients and 46 antioxidants. It is an excellent source of vitamin A, vitamin C, iron, protein, fiber, calcium, magnesium & potassium. Moringa leaf contains different types of active phytoconstituents like niazirin and niazirin –nitrile glycosides, 4- benzyl isothiocyanate, niaziminin A and niaziminin B, three mustard oil glycosides, alkaloids, protein, quinine, saponins, flavonoids, tannin, steroids, glycosides and fixed oil. It modulates anemia, high blood pressure, diabetes, high serum, thyroid, liver, and kidney problems. Moringa capsules are effective for those who are suffering from malnutrition and those who require extra nourishment, such as athletes, body builders, lactating mothers, growing children and chronically ill people.

Indications

- Malnutrition & Anemia.
- Helps in weight management
