

OrthoNEM

Capsules

Natural Eggshell Membrane 500 mg

Composition

Each capsule contains Natural Eggshell Membrane 500 mg

Description

Natural Eggshell Membrane is a thin layer between the eggshell and egg white. It is a unique biological matrix composed of major joint constituents, including Collagen (type I, V, X), glycosaminoglycans (GAGs) like- chondroitin & hyaluronic acid, and other proteins like glycoprotein and minerals like calcium. Collagen types I, V, and X support cartilage structure. Glycosaminoglycans (hyaluronic acid & chondroitin sulfate) are essential for cartilage matrix integrity. Hyaluronic acid and chondroitin sulfate lubricate joints and maintain cartilage hydration. Natural Eggshell Membrane also exhibits anti-inflammatory effects by reducing cytokines (TNF- α , IL-1 β).

Indications

Indicated for Joint Pain, Stiffness & Immobility in,

- Osteoarthritis (OA)
- Rheumatoid Arthritis (RA)
- Fibromyalgia
- Gout
- Neck & Back Pain

Dosage and Administration

1 capsule daily preferably with food. Or as directed by the physician.

Contraindications

No known contraindications exist.

Warning & Precautions

Do not use if you have a known allergy to eggs or egg by-products

Side-effects

Generally safe and well tolerated. Some individuals may experience mild gastrointestinal discomfort, such as bloating or diarrhea. Individuals with egg allergies should avoid Natural Eggshell Membrane, as it may trigger allergic reactions.

Use in Pregnancy and Lactation

Safety in these populations has therefore not been established.

Drug Interactions

While Natural Eggshell Membrane is generally considered safe and does not have known drug interactions, it's always advisable to consult with a healthcare professional before starting any new supplement, especially if you are on medication or have underlying health conditions.

Overdose

No well-documented cases of severe overdose toxicity have been reported. The main concern is intolerance or allergic reaction, not life-threatening poisoning. Seek medical evaluation if overdose is suspected and symptoms occur.

Storage

Store below 30°C temperature in dry place, protected from light. Keep out of the reach of children.

Packing

Each box contains 20 capsules in Alu-Alu blister strip.
